About the Institute

GVP College of engineering, an emerging centre of excellence is promoted by Gayatri Vidya Parishad, a premier educational trust founded and managed by distinguished academicians, philanthropists and technocrats of Visakhapatnam. Because of its excellent track record since its establishment in 1996 the college has been accorded "Autonomous" status by UGC and JNTU Kakinada in 2009

All the departments of the college are accredited by NBA. The college is ranked among the top 10 colleges in A.P. In 2011, GVP is recognized as Scientific and Industrial Research Centre, in order to develop and strengthen the Industry – Institute bond. The college has signed an MOU with Government of Andhra Pradesh under SC1.2 of TEQIP Phase-II for up scaling Post graduation & Research activities during 2011 to 2015.

Center for Nano Science and Technology

The Center for Nano Science and Technology was established in the year 2011. The center aims at developing methods to synthesize and analyze the properties of thin films for applications of the materials in areas like electronic devices, Medicines, Optoelectronic devices such as Solar Cells & LEDs, enhancement of strength of materials, gas sensors, TCO etc.

This workshop is organized for providing a platform to academic scholars, scientists, research staff and students from Universities and research institutes.

Overview of the Workshop

The workshop aims to familiarize participants about the preparation of thin film by various methods, its characterization and applications.

Contents of The Workshop

1. An overview of Nano Technology
2. Thin Film Preparation
3. Structural Characterization
4. Characterization of Optical properties
5. Characterization of Electrical properties
6. Applications of thin Films

Resourceful Persons

1. Prof. A.K. Bhatanagar
2. Prof. V Sundara Raja
3. Prof. M.G. Krishnaa
4. Prof. T.S.N. Somayaji

Registration fees
