ABOUT VISAKHAPATNAM

Visakhapatnam, the port city is a jewel on the east cost of India. This city is a harmonious blend of the magical past and budding present with a breathtaking panorama of golden beaches, lush green fields, valleys and splendid monuments from a rich historical and religious heritage. Matchless in beauty and landscape-Visakhapatnam is said to have derived its name from deity "Visaka" (The god of Valor). Some of the tourist attractions of the city and surroundings are Kailasagiri(6km), Simhachalam(20km), Rushikonda(9km), Borra caves(90km), Araku(135km) from R.T.C. Complex. The average temperature during April is around 35°C.

COLLEGE OF ENGINEERING
(AUTONOMOUS)

ORGANIZED BY
Internal Quality Assurance Cell (IQAC)
(UNDER TEQIP-II, S.C. I.2)

GAYATRIDVIDYA PARISHAD COLLEGE OF ENGINEERING (AUTONOMOUS)

Gayatri Vidya Parishad College of Engineering, GVPCE(A) was established in 1996 by Gayatri Vidya Parishad a premier educational trust to promote technical education. The GVPCE(A) offers seven UG and thirteen PG programmes in engineering and currently has a total intake of 1200 every year. All seven undergraduate courses are accredited by NBA of AICTE for 3 to 5 years. The college is accredited by NAAC with A grade with a CGPA of 3.47/4.00. It is one of the four private engineering colleges in the state chosen by MHRD, Government of India to implement TEQIP-II, S.C.1.2 to enhance the education activities. The Department of Science and Technology, New Delhi sanctioned the Scientific and Industrial Research Centre (SIRC) to support the research activities. The GVPCE has successfully completed six years of Autonomy. The college has adopted Outcome Based Education methodology in all UG and PG programmes from 2013-14. Research & Consultancy projects, dedicated faculty (Total-260 with 70 Ph.D s), their publications well equipped laboratories, good infrastructure facilities, and quality students are the major strengths of GVPCE.

ABOUT INTERNAL QUALITY ASSURANCE CELL (IQAC)

Quality assurance is an ongoing effort to define the objectives of an institution, to have a work-plan to achieve them and to specify the checks and balances to evaluate the degree. The management, the college administration, the staff and the students are the four pillars of the institution. The IQAC at GVPCE(A) strives for the development and achievement of quality bench marks from time to time in various activities of the institution and dissemination of information on quality aspects. It organizes discussions, workshops, seminars and promotes quality circles. It records and monitors quality measures of the institution to achieve academic excellence.

IMPORTANCE OF THE WORKSHOP

In these days of rapid globalization, quality in higher education is imperative, for sustenance and achieving long term goals both at individual and institutional level. To catch-up with the upcoming trends in higher education across the globe, in terms of delivery, assessment and accreditation methodologies, institutions shall continuously strive hard to enhance their mechanisms and stature. In this context, the present workshop aims at bringing experts from different dimensions on a single platform and focus on the emerging trends in quality of engineering education to attain the suggested parameters in future.

OBJECTIVES OF THE WORKSHOP

The main objective of the workshop is to provide a platform for academicians and policy makers to explore the opportunities to enhance quality in higher education and share experiences of best practices. It also discusses the role of teachers and students in the quality improvement and sustenance in higher education.
